Teacher Coaching and Development

Coaching and classroom observation made easy

Grow is designed to systematically track all of the information that coaches input. The platform also churns out powerful reports so that coaching is data driven. Grow has been selected by the Texas Education Agency as the preferred coaching platform for all of their schools going through the Relay Instructional Leadership Professional Development program.

What is SchoolMint Grow?

Grow is an educator-centered coaching and classroom observation platform that supports growth opportunities for teachers and leaders. It enables schools and districts to provide the individual feedback educators need to be successful in any learning environment.

“

Grow supports transparency and promotes a culture of growth mindset across a campus.”

Why Choose Grow?

Grow is the perfect supplement to professional development, making it easier for teachers and coaches to learn new processes and sustain long term success.

With Grow, you'll enjoy:

- **Better teachers.** Better retention rates. Instructional, individualized coaching improves teacher effectiveness and reduces teacher attrition.
- **An all-in-one platform.** Grow offers quick feedback, time-stamped notes, personalized action steps, meeting next steps documentation, lesson plans, forms, and rubrics—all data managed in one digital home.
- **Easy video recording and sharing.** Record, upload, share, and reflect on instruction with the Grow mobile video app.
- **Highly customizable platform.** Grow can be customized to support the processes familiar to you. Set up the site to include your campus specific coaching tools, or even the T-TESS goal setting and evaluation forms.
- **Support for your preferred coaching model.** Grow is the perfect supplement to professional development, making it easier for teachers and coaches to learn new processes like, Get Better Faster.
- **Coaching support for all.** Grow enables coaching relationships at every level: teacher and coach, coach and principal, principal and district directors. Grow even offers visibility to your respective Education Service Center Leaders.
